

EXPAND PROGRAM – FROM PRESENCE TO GROWTH

At this stage, VERA becomes a more permanent part of your executive board
– your agent in Europe.

With your company established in the EU, the challenge shifts to growth and trust. The Expand Program takes your presence to the next level: building credibility, securing investors and partners, and guiding your long-term positioning in Europe.

STEP 3

What it covers:

- **Credibility building:** communication and visibility that strengthen your reputation.
- **Investor & partner access:** curated introductions into our trusted network.
- **Continuous monitoring & guidance:** adapting your strategy as conditions shift.

What you get as a result:

- A recognised and trusted brand in the EU.
- Investor and partner connections that create growth opportunities.
- Ongoing executive-level guidance directly in the European market.
